1M³

1M³ is een kubieke meter
gewijd aan de kunstenaars-
boekencollectie van KASK
1M³ is one cubic meter
dedicated to the artists'
book collection of the KASK

These covers use only typography and colour. No lettering, no collages, no images, no drawings, no lines, no patterns, no ornaments, no special effects. With text never longer than a few words, they still manage to generate tension and catch the eye. They were not opened during the selection process because you can judge a book by its cover.

This is the first display selected from the recently combined artists' book collections of KASK and S.M.A.K. for the new Kunstenbibliotheek. It is also the first in a series of 1m³ displays organised by Curatorial Studies. kaskbooks.tumblr.com
