The () where you thought
The () where I write
He walked a straight line
The () where we met

Kasper Andreasen,
Moment's notice, 2007

12 Frames invites you to enter an unfinished storyboard to a no person's land through images and language. Similar to a fragmented film, an imaginary walk in nature unfolds, without a sense of direction. This display reassembles pages selected from photography and poetry books out of the artists' book collection of Kunstenbibliotheek.

BIBLIOGRAFIE / BIBLIOGRAPHY (in order of appearance)

Zin Taylor

Plants do Things

Toronto: Bywater Bros. Editions, 2010.
