

The *more or less sign* ( $\pm$ ) is a mathematical symbol used to indicate precision in an approximation, or as a shorthand in the notation of a quantity with two possible values.

The symbols “ $\pm$ ” and “ $\mp$ ” are used in chess to assess the positional advantage of a player. In chess, the “ $\pm$ ” sign indicates that the White player has a better position than the Black player.

Léane Lloret was born in

1999 in Grenoble, France.

A graduate in fashion and

costume history of the

Ecole du Louvre – Palais

du Louvre, Paris, France

she is specialized in con-

temporary artist's books.

She takes part in the Curatorial

Studies program at KASK,

Ghent, Belgium for 2024–25.
